

SARA and AARDA Announce **JOINT** Conference in 2015!! Canmore, Alberta May 1- 2, 2015

Coast Canmore Hotel & Conference Centre, Canmore Alberta

Taking Conference Networking to a Whole New Level!

This year the Saskatchewan and Alberta auto recycler associations are working together to bring their members, associate members, suppliers and friends a unique conference experience. We want to encourage the sharing of ideas and innovations across provincial borders so are planning a great conference at a fabulous location, on the east slopes of the Rocky Mountains.

SARA and AARDA have chosen the Canmore location due to its popularity and of course, any time is a good time to be in the mountains regardless of where you may live in our two prairie provinces. The selection of the newly remodeled Coast Hotel & Conference Center will add to the pleasure that delegates can expect while there. Proximity to Calgary and Banff will allow delegates to extend their trip and take in other exciting and memorable attractions.

Conference Theme

As a bonus this year the theme of the conference will be ***safe practices within the auto recycling industry*** and promoting a safety mindset and culture within our yards. This focus is long overdue as it's widely said that we just don't talk enough about safety- well this conference aims to change that folks!

The Conference will kick off on Friday evening with a meet and greet reception at the Coast Hotel where vendors and suppliers will find plenty of space to set up and showcase their products and services and mix with our members. On Saturday, vendor exhibits will continue in the main hall where the presentations will be held. The day will start with each Association holding their separate Annual General Meetings- so it will be important to have a strong member turnout from both associations!

The AGMs will be followed by a presentation by Randy Montgomery, of Harry's Auto Wreckers in Grande Prairie. Randy will be speaking from the heart and from experience as his shop had tragically lost a young man two years ago when a vehicle fell from its lift, crushing the fellow working below. When Randy speaks about his experience and motivation to be vigilant about safety in the workplace, you'll be listening to someone who really knows of what he speaks-and deeply cares. It's important to Randy that his colleagues from both Provinces come to Canmore and hear his testimony to safety.

Hi presentation will be followed by a fast-paced and insightful presentation by Alberta Occupational Health and Wellness who will review best practices in safety and wellness in automotive workplaces. We'll be learning from the safety experts!

In the afternoon there will be a highly energized corporate presentation by Wayne Lee, an award-winning corporate hypnotist and peak performance coach who has presented to over 4000 audiences all over the globe for the past 20 years. Wayne's combination of mental programming tools and comedy hypnosis provide sensational experiences for conference delegates. At the afternoon presentation Wayne will be sharing with us powerful insights that will strengthen our focus in leading others with the result of an improved work group and operating results. As an added bonus we'll get new and useful ideas on how we can encourage others to 'think safety'- directly in line with the chosen theme of our conference!

This will be followed by reports and presentations from other industry representatives important to what we do and who you will want to hear from- speakers so far include Steve Fletcher the Managing Director of ARC, Colin McKean who is AARDA's environmental consultant, a Senior Official with AMVIC and a steel scrap buyer who will be confirming his participation shortly, to name a few...more to come on that shortly.

Wayne Lee will be back after our evening dinner reception to entertain with his world class hypnotism show! What a great way for delegates and their guests to spend a quality day with colleagues from two provinces and in the company of a celeb speaker and entertainer! (Go to www.waynelee.com)

To book your room call the Coast Hotel in Canmore at
1-403-678-3625 or 1-800-263-3625
Be sure to ask for the special AARDA/SARA
room rate of \$129 plus taxes
